If your child is in an inclusion education environment with support, please contact us to review their needs in order to ensure they can be accommodated in our program. This must be done prior to registration.

## MEDICAL CONSIDERATIONS

Please bring any medication your child may need during camp, such as inhalers and epi-pens, to the attention of staff. These should be in their original packaging, placed in a re-sealable plastic bag, be labelled with your child's name and age, and contain instructions for use. We do not stock or administer any medications that are not provided by parents.

Our team is certified to provide basic first aid. If your child is injured or becomes sick during the day, we will attempt to reach the primary and secondary contacts. An authorized adult must collect the child as soon as possible. We will escort children to the hospital in emergency situations only, by ambulance. Any fees related to medical transport or treatment are the full responsibility of the family.

## PRECAUTIONARY HEALTH & HYGIENE MEASURES

Children can attend camp only if they are healthy and well. If they display any signs of illness, they must be kept at home to ensure everyone's health and safety. Children who become unwell during the day will be placed in isolation and must be collected by a caretaker immediately.

## ADULTS AT CAMP

To ensure the safety and provide maximum enjoyment of all campers, only staff members verified by camp may attend. Nannies, assistants and other adults are not allowed to attend.
